Western Michigan University

INDUSTRIAL AND ENGINEERING TECHNOLOGY BUILDING, (77 on map), scheduled to open in fall of 1966, houses Western's industrial education, engineering technology activated industrial technology curricule. WMU has sing been a prime supplier of vocational industrial teachers for Michigan schools and the new facility should enable. Wastern to mainten leadership in this area. The demand for such technically trained teachers by four year institutions, community colleges and high schoels far exceeds the supply. The building will cost about \$4.25 million.

GOLDSWORTH VALLEY, (72 on mep), contains three such student residence complexes as one shown here, each complex censisting of feur seperate residence buildings served by common kitchen and dining facilities and each complex housing about 1,050 students. Plans for Cemplex 4, to be located west of present three units, have already been prepared for the mushroeming Goldsworth Valley erea.

PAUL V. SANGREN HALL, (38 on map), named for Western's second president (1936-60), houses the School of Education and the departments of Art, Economics, History, Political Science, Sociology and Anthropology, School Services and Teacher Education, as well as the Educational Resources Center. Western leads all colleges and universities in the nation in its production of certifiable teacher graduates who enter the teaching profession. Sangrae Hall was completed in 1964.

UNIVERSITY STUDENT CENTER, [59 on map), originally opened in 1957, was extensively enlarged and its facade remodeled in 1964-65 to present the striking esterior shown here. Its food service can furnish more than 10,000 meals daily for guests and for students in the surrounding complex of men's residence halls. The Center contains two large ballroom-banquet-meeting reems, 20 bowling lanes, large billierd room, snack ber end cafeteria, faculty lounge, meeting rooms and student effeits offices.

Dialing Instructions

ON CAMPUS

- 1. To reach the Centrex operator at the Main switchboard from a Centrex number, dial "O".
- 2. To reach the Centrex operator from a non-Centrex number, dial 383-1600
- 3. To reach the Kalamazoo information operator, dial 9 and 411.
- 4. To reach the Michigan Bell Telephone operator from a Centrex number, dial 9 and "O".
- 5. For Centrex telephone repair or in case of trouble, dial 3-1610 from a Centrex number.

CONFERENCE LINE - 3-1604

As many as five parties can be connected in the following ways:

- 1. Centrex number dialing 3-1604 and requesting a conference call.
- 2. Centrex number dialing "O" and requesting a conference call.
- 3. Centrex number with a call already connected flashing operator and requesting that the connection be switched to a conference call.

DIRECT DIALING INFORMATION

- 1. To call long-distance by direct dial from a Centrex number, first dial 9, then 1, followed by the area code of the city you wish to reach and the phone number in that city.
- 2. If the number which you wish to call long-distance by direct dial is not known, you may obtain the number from the Universal Information Operator. From a Centrex number, dial 9, then 1, then the area code if it is not 616, then 555-1212. If the area code is 616, dial 9, then 1 then 555-1212. The Universal Operator will ask the city in which you desire information. Give her the details in this order: city and state, name and street address of the party desired.

Changes and additions should be sent to the Centrex Switchboard, 3-1610.
